### Product Details

The roll-up Portable Speed Hump is designed as a speed deterrent to effectively slow traffic in temporary situations such as around work sites where lower speeds are required. Fast and easy to set up wherever needed as it does not need to be glued or bolted to the ground.

The rubber grip pads provide excellent adhesion to the road surface which prevents any lateral movement. Constructed of a highly visible, durable yellow plastic, making the product both lightweight and sturdy. Can withstand any size vehicle, including trucks.

300(L) x 250 (W) x 45(H)mm

13kg

45km/hr
